

## SwiftNet™ Graphics Installation

- 1) Please set the net up per the enclosed instructions and have the net under tension.
- 2) Open the package with the SwiftNet™ panels. Take out one panel and starting from the top, attach one side of the panel to the Velcro strip on the netting as shown in the below picture on the left.

- 3) Wrap the graphics around the post and start at the top and adhere the other side of the panel to the Velcro on the netting as you work your way down, like in the picture on the right above.
- 4) The graphics installation is now complete!

Dave Shillington
